

Print at 100% / actual size. Do NOT use 'fit to printable area'. Board outer size = 270.00 mm x 189.00 mm.

The image shows a 10x7 grid of squares, alternating between black and white in a checkerboard pattern. Each white square contains a black Aruco marker, which is a 7x7 pixel matrix of black and white pixels. The markers are arranged in a 10x7 grid, with the first row containing 10 markers and the subsequent rows containing 9 markers each. The markers are used for camera calibration and pose estimation.

100 mm check
